

Project Name

AI Interview Hub

Quick Definition

AI Interview Hub is an AI-powered mock interview and skill assessment platform for job seekers. It helps students, freshers, experienced professionals, and career changers get ready for job interviews across all domains and industries.

Overview

AI Interview Hub is an AI-powered interview preparation platform that offers realistic AI-driven mock interviews, instant feedback, 50+ domains, affordable pricing, and performance tracking.

Free Services – Unlimited After Login

Once you register and log in, you can use the following services ****unlimited times, completely free****:

- Mock interviews (voice-based)
- MCQ tests
- Resources (external links)

No subscription is required for these free services. They remain available even after any premium subscription expires.

Premium Services (Subscription, Valid 30 Days)

- ₹99 plan: AI resume analysis (ATS score + suggestions) + one job-description-based mock interview.
- ₹299 plan: Unlimited resume analyzer + job search via Adzuna API + performance analytics.
- Payment methods: Credit/debit cards, UPI (Google Pay, PhonePe, Paytm), net banking (secure gateway).
- No refunds or cashback after payment.
- After 30 days, premium access expires; you can continue using all free services.

Job Search Feature – Important Clarification

- AI Interview Hub does ****not**** provide jobs directly.

- We ****collect job listings**** from external platforms using the Adzuna API.
- With the ****₹299 premium plan****, you can search for jobs, view listings, and apply for them.
- When you apply, your application goes directly to the external employer – not through AI Interview Hub.
- Free users and ₹99 plan users ****cannot access**** job listings.

No Job Guarantee

We do ****not**** guarantee that you will get a job by using AI Interview Hub. Job listings are provided as an additional resource. Success depends on your own skills and preparation.

Free Trial

We currently do not offer a free trial for premium services. However, you can explore all free services (mock interviews, MCQ tests, resources) without any time limit after logging in.

Key Features

- Mock Interviews – Voice-based, AI-conducted interviews tailored to your chosen domain, tech stack, difficulty level, and time limit. After the interview, you receive a score and improvement suggestions. You can download a PDF of the questions and your answers.
- MCQ Tests – Domain-specific multiple-choice tests for programming languages and other subjects. After completion, you see your score.
- Resources Module – Curated external resources including video series, articles, and questions to help you gain knowledge.
- Resume Analyzer – AI evaluates your resume (ATS-based) and provides improvement suggestions. Also, AI can take an interview based on your resume and a provided job description, then generate a score.
- Job Search (₹299 plan only) – Access to job listings collected from Adzuna API. You can apply for jobs directly with external employers.
- Dashboard – After login, view all recent activities and progress per domain.
- Feedback Form – Submit your feedback to the team.
- Contact Support – Reach out via email: support@aiinterviewmentor.com

Supported Domains (50+)

- Business & Management: Accounting, Finance, HR, Marketing, Project Management, Operations Management
- Science & Research: Physics, Chemistry, Biology, Environmental Science

- Social Sciences & Humanities: Psychology, Sociology, History, Political Science
- Professional Skills: Communication, Leadership, Critical Thinking, Data Analysis, Entrepreneurship
- Other Domains: Law & Ethics, Education, Healthcare/Nursing, Retail/Customer Service
- Technology / IT: Programming (Java, Python, C++, C#, Go, Rust, Ruby, PHP, Swift, Kotlin, TypeScript), Web (HTML/CSS, JavaScript, React, Angular, Spring Boot), Databases (MySQL, PostgreSQL, MongoDB, Redis), DevOps/Cloud (Docker, Kubernetes, AWS/Azure/GCP), AI/Data Science (ML, Deep Learning, Data Science, NLP, Computer Vision), Cybersecurity (Network Security, Ethical Hacking, Information Security), Blockchain & Emerging Tech (Blockchain Basics, Smart Contracts)

User Workflow

1. Register – Create an account using email or Google login.
2. Login – Use email/password or Google.
3. Dashboard – See recent activities and progress per domain.
4. Access Services – Mock interview, MCQ test, resources (free, unlimited), resume analyzer (premium), job search (₹299 plan).

Technical Details

- Platform: Web application (currently works on laptops/desktops, not optimized for mobile).
- Browsers supported: Chrome, Edge, Firefox (latest versions). Safari works but voice features may be limited.
- Voice input: Fully voice-based – you speak your answers, AI transcribes and evaluates.
- Language: English only.
- Data privacy: Voice recordings are encrypted and used only for evaluation.

Interview Categorization

Mock interviews are categorized based on:

- Domain (e.g., Technology, Business, Science)
- Tech stack or subject (e.g., Java, Marketing, Physics)
- Difficulty level: Easy, Medium, Hard
- Duration: 15 minutes, 30 minutes, or 45 minutes

Platform Access

The platform is a web application that works on laptops and desktops using Chrome, Edge, or Firefox (latest versions). It is not optimized for mobile phones.

Ratings & Feedback

We do not display public ratings yet. However, users can submit feedback through the feedback form on our website. All feedback is reviewed to improve the platform.

Additional Policies

- No certificates – AI Interview Hub is a preparation platform, not a certification body.
- Discounts – No discounts currently available, but offers may be introduced in the future.
- Skip questions – You can skip a question during a mock interview, but skipping may lower your score.
- Domain practice – You can practice any number of domains. Select the domain before each mock interview or test. Progress is tracked separately per domain.

Forgot Password

Click "Forgot Password" on the login page, fill in the details, and you will receive an email at your registered email address to reset your password.

- Contact form available on the website.

Frequently Asked Questions (FAQ)

Q: What is AI Interview Hub?

A: AI Interview Hub is an AI-powered mock interview and skill assessment platform for job seekers.

Q: Who can use AI Interview Hub?

A: Anyone preparing for job interviews – students, freshers, experienced professionals, and career changers.

Q: How do I start using the platform?

A: Register an account (email or Google), log in, and you can immediately start using free services like mock interviews, MCQ tests, and resources – unlimited, no subscription needed.

Q: Is there a mobile app?

A: Currently, AI Interview Hub is a web application designed for laptops/desktops. It does not work well on mobile phones.

Q: Which browsers are supported?

A: Chrome, Edge, Firefox (latest versions). Safari works but voice features may be limited.

Q: Do I need a subscription to use the platform?

A: No. Mock interviews, MCQ tests, and resources are completely free and unlimited after login. Premium services (resume analyzer + job search) require a subscription.

Q: What are the subscription plans?

A: - ₹99 plan: AI resume analysis + one JD-based mock interview (30 days).

- ₹299 plan: Unlimited resume analyzer + job search via Adzuna API + performance analytics (30 days).

Q: Do I need a subscription to apply for jobs?

A: Yes. Only the ₹299 plan includes job search and application features. Free users cannot access job listings.

Q: Does AI Interview Hub provide jobs?

A: No. We collect job listings from external platforms (Adzuna API). You apply directly to the external employer.

Q: Does AI Interview Hub guarantee a job?

A: No. We provide preparation tools and job listings, but we do not guarantee employment.

Q: How are interviews categorized?

A: By domain, tech stack, difficulty (easy/medium/hard), and duration (15/30/45 min).

Q: Where can I take tests?

A: On our web platform using a laptop/desktop with Chrome, Edge, or Firefox.

Q: Does the platform have user ratings?

A: Not yet. We collect feedback via our feedback form.

Q: How do I pay for premium?

A: We accept credit/debit cards, UPI (Google Pay, PhonePe, Paytm), and net banking through a secure payment gateway.

Q: Can I get a refund?

A: No, we do not offer refunds or cashback after payment.

Q: What happens after 30 days?

A: Your premium access expires, but you can still use all free services. You can re-subscribe if you wish.

Q: How does the mock interview work?

A: You select your domain, tech stack, difficulty level, and time. AI conducts a voice-based interview – you speak your answers. After completion, you receive a score and improvement points. You can download a PDF of the questions and answers.

Q: Can I skip a question in the mock interview?

A: Yes, you can skip. However, skipping may lower your score. It's better to attempt an answer.

Q: Is video analysis available?

A: Not at this time. The mock interview is voice-based only. Video analysis may come in a future update.

Q: Does the platform offer certificates?

A: No. AI Interview Hub is a preparation tool, not a certification provider. We help you train and build confidence for real interviews.

Q: How do I reset my password?

A: Click "Forgot Password" on the login page, enter your details, and an email will be sent to your registered email address to reset the password.

Q: What languages are supported?

A: Currently, only English.

Q: Is my data private?

A: Yes. Voice recordings are encrypted and used only for evaluation. We do not share your personal data.

Q: How do I give feedback?

A: Use the feedback form on the website. We appreciate your input!

Q: How can I contact support?

A: Email us at support@aiinterviewmentor.com or use the contact form on our website.

Q: Are there any discounts?

A: No active discounts right now, but exciting offers may be coming soon. Stay tuned!

Q: Can I practice multiple domains?

A: Yes. Before each mock interview or test, you can select a domain. Progress is tracked separately per domain.

Q: What is the resume analyzer?

A: An AI tool that scans your resume (ATS-based) and provides suggestions for improvement. In the premium plan, it also conducts an interview based on your resume and a job description, then gives a score.

Q: What is the job search feature?

A: Available only in the ₹299 plan. We collect job listings from external platforms (Adzuna API) so you can find and apply for relevant jobs. We do not provide jobs directly.

Q: How many domains are available?

A: 50+ domains covering Business, Science, Technology, Humanities, and more.

Q: Is Java available?

A: Yes, Java is available under the Programming category.

Q: Is there a free trial?

A: We currently do not offer a free trial for premium services. However, all free services (mock interviews, MCQ tests, resources) are available unlimited after login.

Q: How to get help?

A: Use the contact form on our website or email support@aiinterviewmentor.com.
